

Welcome Address

Dear Guests and colleges,

On behalf of the Alex spine group, I would like to welcome you to the 12th annual spinal conference in Alexandria. The conference will cover all recent advances and points of debate in the field of sagittal imbalance. Eminent figures from all the Egyptian Universities, Overseas and Arab countries will share their experiences.

I hope that the meeting will be scientifically fruitful, and I wish that all participants will enjoy the sunny weather of Alexandria, the beautiful gardens of Montazah palace, and the luxurious Palestine Hotel.
